Suggestions & Advice

Remember it is a patrol camp, so work as a patrol. Each member of the patrol has a part to play. If you do not pull your weight you let down the rest of the patrol.

There are plenty of points for your programme and menu. These are put together before you arrive so plan them carefully and present them in a neat and imaginative way. The judges are looking for an active programme which includes some training and onsite activities. Free time will earn you no points if in your programme.

It is important you stick to your programme and work hard. Patrols that are found to be 'messaging about' may be asked to leave at worst or they will lose a good deal of points at best.

Menus should contain meals which you all like and will eat but they should not be just fried food. Vegetables and fruit are important for a balanced diet. Remember you have time to get it right!

Try and get your meals ready at the time you have put in your programme and remember to inform the judges when your meal is ready, so it can be marked. It is no good telling the judges that you have just eaten a great meal!

Make a note of all the things that need doing during the site inspection on Saturday so you can put them right before Sunday morning inspection.

There are easy points to be had for being quiet (not silent) at 10:30 p.m., 11:00 p.m. and at 12:00 a.m. also for all being awake and up at 7:00 a.m.

If you have any problems or questions about the camp, ASK!
